

GLENVIEW HOTEL & LEISURE CLUB

25.01.2023

Dear Member,

We had been planning to do some refurbishment works in our hot tub area towards the end of February including new planting, new lighting etc. Following an inspection of the area surrounding the hot tub on Wednesday 25th January we have discovered that we also need to do some essential maintenance and repair works. We have made the decision to bring forward these refurbishment works so that will we limit the inconvenience to you our members over the coming weeks.

The hot tub area will remain closed until at least Monday 6th February. If the works are completed sooner we will of course reopen this area and keep you updated.

We feel that these works will help to make this a more enjoyable area for everyone and we thank you for your continued patience and understanding.

Declan Crean

Glenview Leisure Club Manager.
