

Exciting News.....

We will be carrying out essential maintenance and refurbishment works in our changing rooms in August.

This work will involve a number of contractors and will make our changing rooms more comfortable for you our valued members.

To allow us to do this work we will have to close our changing rooms from Monday 19th August until Sunday 31st August.

The gym, swimming pool and fitness classes will be open as normal. The disabled changing room located between reception and the pool will be open with limited availability for people to shower. The two poolside showers may also be used for showering.

Toilet facilities will be available in the hotel and will be well signposted.

We advise all members using the pool to come in their swimwear ready to swim.

We understand that this will be an inconvenience and we thank you in advance for your patience and understanding.

If you have any questions or queries please email dcrean@glenviewhotel.com or call 012740078 and ask for Declan, Bobby or Sandra.
